

Mary Lee Griggs, Founder of NH with program participants, 1967

## OUR STORY

Neighborhood House Community Center is located in the Greenbush neighborhood of Madison, Wisconsin.

In 1916, an undergraduate thesis by a University of Wisconsin student proposed the creation of an organization to meet the needs of a growing number of immigrant families in the Greenbush area. That organization became the first, and remains the oldest, community center in Madison: Neighborhood House.

Neighborhood House continues its long tradition of serving the community through its essential services, programming for all ages, and outreach.

## MISSION

Our mission is to provide high quality programming and social services that facilitate the growth of a diverse, responsible and welcoming community.

## VISION

Neighborhood House will create opportunities for area residents to strengthen the quality of their community by making connections, building relationships and embracing diversity through social, educational and recreational activities.
